

# LEAD ON PURPOSE

creating leaders at all levels of your organisation

- ▶ Are your staff indecisive and seeking constant clarification?
- ▶ Do you spend too much time going from one crisis to another?
- ▶ Are your staff accountable and empowered to drive results?

We believe that leaders exist at all levels of your organisation, not just at the top. When you give your team clarity and control, they become motivated and effective leaders.

LEAD ON PURPOSE, an experiential programme, will create this change in your organisation. It is intention-based leadership: you provide the objective or intent, but give your people control to complete the task, **their way**. This produces highly engaged people, who are able to make decisions, use initiative, be responsible and rise to the occasion, especially in times of stress and change.

## YOUR TEAM'S BENEFITS:

- ▶ Move from Follower-Leader to Leader-Leader
- ▶ Giving control, not taking control
- ▶ Mutual trust empowering your team
- ▶ Decision making and responsibility flowed down
- ▶ Providing leaders at all levels of your organisation
- ▶ Everyone takes ownership
- ▶ Organisation becomes far more productive

## WHAT'S INCLUDED:

- ▶ Full or half day programme
- ▶ Tailored to your organisation
- ▶ Scenario based workshop
- ▶ Experiential leadership activities
- ▶ Interactive role play
- ▶ Highly experienced facilitators
- ▶ Suitable for groups of 5 to 50
